May 11th– May 15th

We are entering the final weeks of the school year and we appreciate all of the help and support you have provided your children throughout this difficult time. We also appreciate your willingness to work with us as it has been a new experience for teachers as well. The finish line is in sight! We can do this! Take care! 😊

### Sight Word Activities

- **SNAP WORD SENTENCES**: write sentences which include your chosen snap words; underline all of the snap words you use.
- **RAINBOW WRITE**: use different colors to write words rainbow style.
- **GO FISH**: make 2 sets of cards, play go fish.
- **HIDE AND FIND**: hide cards around the house and have your child find them.
- **SING A SNAP WORD SONG**: Sing snap word songs throughout the day. Any word will work. The tune is to BINGO. Here is an example using YOUR: There is a snap word You should know And your is the snap word y-o-u-r, y-o-u-r, y-o-u-r and your is the snap word.

### Math Can Do

- **EVERY DAY**: Count to 20 every time you wash your hands.
- Go on a shape hunt outside. What shapes do you see around your neighborhood and in nature?
- Pick a movement or exercise. Then roll two dice and add them together. Now do your movement or exercise that many times!
- Play GO FISH with an addition twist. Instead of asking for the whole number ("Do you have a 5?") ask for a card by turning it into an addition sentence ("Do you have 2 + 3 = 5?").
- Make a life-size number line with sidewalk chalk and solve addition and subtraction problems by moving back and forth along the line.
# Daily Expectations

## Reading

- **Reading**
  - Read on RAZ: Read (and reread) leveled books assigned by your child’s teacher. Quizzes are available for each book to assess comprehension. Your teacher will provide you with your child’s log-in information. As always, reading is SO important. Please read with your child as much as you can.

- **STMath**
  - Complete 20 minutes each day M-TH

- **Zearn**

  - [https://zearn.org/](https://zearn.org/)

## Writing

- **Author at Work**
  - We have worked on three different genres of writing this year - narrative, informational, and how-to. **Narratives** are stories that are a lot like books. They have characters, a setting, and a plot with a clear beginning, middle, and end. **Informational** writing focuses on a single topic and students write as if they’re trying to teach someone everything they know about it. **How-to** books attempt to teach an activity, step by step. Your child can choose a genre that interests them and write a book. We have been writing books all year. They should be able to do this. 😊 Please share your child's finished work with their teacher.
