Roadmap to Reopening

A Strategic Approach to Reopening Coventry Schools

The Ongoing Planning Process

1. Review and evaluate the current conditions & situation
2. Establish & engage stakeholder involvement to assist in planning
3. Identify concerns & needs
4. Determine plan to address concerns, meet the needs and define expectations
5. Safeguards, protocols, and guidelines in place before opening

New Safety Measures in Place

- Improved Hygiene
- Increased Sanitation Efforts
- Daily Symptom Checks
- Wearing Masks
- Distancing
- Sick? Stay Home!

Supporting Student Return

A staggered start for students

VO

Why is a Staggered Start Important?

By limiting the # of students in the building, we will be able to really focus on the new safety procedures, and expectations. Dedicating an entire day to one grade-level, will allow us to assess student understanding of the current pandemic situation, educate them on their roles in the safe return process, and address any questions they may have about the new expectations. In addition, students will meet their teachers, obtain their schedules, and practice the new daily routines.

It is our hope, that providing students with this unique opportunity will give them the reassurance needed to return to school with confidence, a positive mindset, and an eagerness to begin the year ready to learn.

Parent Survey Results Show Families Need Options

OPTION 1: Return to Learn

With new safety measures and protocols in place, students will be allowed to return to the traditional (in-person) school setting this fall. Through an ongoing and collaborative planning process with district stakeholders, local health experts, authorities, and area superintendents, new health and safety expectations will be implemented under the Return to Learn plan.

OPTION 2: Coventry Virtual Academy

The virtual academy program is available for any parent or family who is not comfortable with their child returning to the school setting in the fall. CVA is a comprehensive, online program, that will provide students an opportunity for engaging, interactive, and meaningful learning from home.

If this is a program you might be interested in, please visit the CVA webpage at: https://www.coventryschools.org/CVA.aspx or contact the program coordinator, Sarah Wuflf at Swulff@coventryschools.org.
