**School Information**

**BACKPACKS:**
Students may carry backpacks and totes to and from school. Upon arrival at school, students will empty backpacks and leave them in their lockers. Students will be permitted to go to their lockers in the morning, before and after lunch, and at the end of the school day. Additionally, students are welcomed to go to their lockers between classes provided they can do so in a timely manner and still arrive to their next class without being tardy. Students may carry gym bags on days that they have physical education. No large totes/beach bags can be carried during the school day.

**CELL PHONES/PERSOAL DEVICES:**
All student personal devices are to be turned off and not be visible during school hours. Any violation will result in disciplinary action.

**DISCIPLINE:** [Board Policy 218]
For a detailed description of discipline processes and procedures, please see the [Student Code of Conduct](#).

**DISPLAY OF STUDENT WORK:**
The Plum Borough School District is proud of our students’ achievements. Student’s work may be displayed in the classroom, school or any district broadcast media unless a letter of objection is received from the parent/guardian by the 15th day of school. After the 15th day, for any new student enrollment, a letter of objection must be received by the 15th day from enrollment. Typically, this work would include your child’s name and grade/evaluation of the work.

**EARLY DISMISSAL FROM SCHOOL:**
Early dismissal will be granted for the same reasons allowable for legal absences. Students are encouraged to schedule appointments with their doctors or dentists other than during school hours. However, when emergency demands, the appointment should be made during study hall time or as early or as late in the school day as possible.

To obtain an early dismissal slip, the student should bring in a written note signed by a parent or guardian requesting permission to leave and stating the reason for early dismissal. Permission slips should be turned into the office upon arrival.

Under the district’s revised Attendance Policy, **students who leave prior to 11:33 AM will be considered absent for the day**. Students are required to be in attendance for 203 minutes to be counted as present.

**END OF DAY DISMISSAL:**
Students are to leave the building promptly at dismissal time. No pupil may be in the building after 3:00 p.m. unless under teacher supervision. All practice sessions must be faculty supervised. Only students who are scheduled for evening activities under a teacher’s supervision will be allowed in the school after dismissal time.

**GRADING POLICY:** [Board Policy 212]
Nine-week reporting periods and semester exams are graded on a percentage basis as follows:

<table>
<thead>
<tr>
<th>Percentage Interpretation</th>
<th>Letter Grade</th>
<th>Points</th>
<th>Quality</th>
</tr>
</thead>
<tbody>
<tr>
<td>90-100</td>
<td>A</td>
<td>4</td>
<td>Excellent</td>
</tr>
<tr>
<td>80-89</td>
<td>B</td>
<td>3</td>
<td>Above Average</td>
</tr>
<tr>
<td>70-79</td>
<td>C</td>
<td>2</td>
<td>Average</td>
</tr>
<tr>
<td>60-69</td>
<td>D</td>
<td>1</td>
<td>Below Average</td>
</tr>
<tr>
<td>*51-59</td>
<td>F</td>
<td>0</td>
<td>Failure</td>
</tr>
</tbody>
</table>

*Within each nine-week marking period, and for semester exams, the teacher has the option of recording a zero or any other percent less than 51% when the student has not met the teacher’s requirement: i.e., major assignments such as
term papers, book reports, programs and projects not submitted and/or a student makes an obvious effort not to participate. Otherwise, a 51% must be recorded regardless of the student's true average. A grade lower than a 51% requires guidance administrative approval. Parents should monitor progress on a regular basis. Questions or concerns can be directed to the classroom teachers, and guidance counselors.

NOTE: The grading scale will not apply when indications are that the student, once realizing a passing grade for the course, curtails his effort in the course to a less than satisfactory level. Such cases will be referred to the office of the principal for review, who will then decide if the student will receive a passing grade and credit for the course. If a student does not meet the requirements of a course (term papers, book reports, special class projects), he will fail regardless of his grade.

Computing the Final Grade:

Year Course
The final course grade is recorded as a letter grade by totaling the four reporting periods and the average of the two semester exams and dividing by five. This average is then converted into a letter grade equivalent.

Trimester Course
The same procedure as with a full year course with the exception that the total of the two reporting periods and the semester exam are totaled and divided by two and a half. The first trimester grade will not post on the report card until the 2nd nine week grades are posted.

Honor Roll
To receive this recognition, students must achieve a 3.0 average or higher, with no grade lower than a C recorded for any course during the report period. A 3.6 grade ratio or better will place a student on the high honor roll.

HALLWAY COURTESY:
1. Keep hallways open to traffic by walking to the right. Do not block traffic by standing in groups. Students are to move to their assigned class.
2. Pass through hallways quietly. Be considerate of others in the halls and classrooms.
3. Discard trash in the containers provided. Keep the school clean by picking up paper from the floors.
4. Students are not permitted in the hallways or at their lockers during class time unless carrying a pass signed by their teacher.
5. No public display of affection.

HALL PASSES:
A student must have a hall pass, signed by a teacher or administrator, when he/she is in the halls during the assigned period.

HEALTH AND NURSING SERVICES: Board Policy 209
For more information regarding Health and Nursing Services see webpage here. To visit the School Nurse, students are to gain permission and a pass from a staff member.

HOMEWORK: Policy 130
The purpose of homework assignments should be to: provide practice and reinforcement of skills presented by the teacher, broaden areas of interest through enrichment, provide opportunities for parents/guardians to know what their child is studying, and to encourage parent/guardian and child interaction. Each student shall be responsible for completing homework assignments as directed.

HONOR AWARDS:
Academic Awards Night
The Junior High School will host an academic awards night in the spring of the year for students who earn a 4.0 grade average through the third grading period or has attained academic excellence in one of the Unified Arts courses. All classes are used to calculate the average and are based on a 4 point grading scale.
Honor Awards Program
An awards program will be held in the spring to recognize students who have attained academic success at Oblock Junior High School. Students who have achieved a 3.4 - 3.9 grade average through the third grading period will be recognized. All classes are used to calculate the average and are based on a 4 point grading scale.

JUNIOR HIGH ATHLETIC ELIGIBILITY:
Any junior high student participating on an interscholastic athletic team must maintain academic eligibility. The student must not be failing one core class or a total of two classes to be eligible to participate. If a student is failing one core class or two total classes, they will be placed on probation for one week. If they are failing one core class or two total classes after the probationary period, they will be ruled ineligible. A student becomes immediately ineligible if they are failing two core classes or three total classes.

LIBRARY AND DIGITAL MEDIA:
The library is located on the first floor of the building. Students having library-research admits should report directly to the library. These names will then be transferred to the library slip which is sent to the study hall teacher. At this time students from the study hall can also sign the slip to come to use the library facility. The number of students coming to the library for recreational reading will be determined by the number of research admits for that particular period. Students entering the library who do not do their work will lose all library privileges. The length of time depends on the offense.

LOST AND FOUND:
Articles that are found during the course of the school year are to be turned in to the office or the Lost and Found bin outside the cafeteria.

LUNCH DETENTION:
Detention is assigned to students who do not follow the rules of the Student Code of Conduct, or who display unacceptable behavior in the classroom, at lunch, in the halls, or on the school bus. Lunch detention is held during regular school hours. Parents will be notified when lunch detention is assigned.

MAKE-UP WORK:
It is always the responsibility of the student, upon returning, to ask teachers for make-up work. When a student is absent for two school days, it is recommended that assignments and homework be obtained by telephoning or emailing the school counseling office. Requests for assignments should be made prior to 10:00 a.m. Students will have one day for each day's absence in which to submit the required make-up work. Missed work caused by an extended illness will be reviewed and specific dates will be established for the work to be completed. Each teacher has a Google classroom page where assignments and information for missed work can be found.

Make-up work required by an excused absence may be made up with NO penalty provided it is completed within the time allotted by the teacher. A student who is present when a test is announced is expected to take the test as scheduled or upon returning to school. In laboratory classes such as art, physical education, Technology Education, and science, which do not lend themselves to make-up work, the make-up procedure will be determined by the teacher.

PLEDGE OF ALLEGIANCE:
Each student shall be required to salute the flag, recite the Pledge of Allegiance and observe a moment of silence during each day's exercises. If a student has conscientious objections, which interfere with full participation in the flag salute or Pledge of Allegiance, said student shall maintain a respectful attitude throughout the ceremony. Parents of students refusing to salute the flag shall be informed by the building principal, and the parent or guardian shall be required to furnish the school administration with a written statement of their child's conscientious objection.
PROFANITY:
The administration and staff cannot approve of any profanity in or around the school. Disciplinary action will be taken when any student is caught using profanity. Repeated misconduct of this nature will lead to in-school suspension or temporary out-of-school suspension. Any profanity directed at a staff member or administrator will result in a temporary out-of-school suspension.

SCHOOL COUNSELING:
Counseling service is available to all students. Many student problems, concerning both the student's school and personal life, can be helped by counseling with a competent person. The school counselor or the student's teacher will be happy to try to help him with any of these problems. Counseling appointments can be made by requesting a pass from the teacher, the office personnel, or the school counselor.

SCHOOL DANCE INFORMATION:
All dances are exclusively for students who attend Oblock Junior High. Dances are held on Friday nights from 7:00 - 9:00 p.m. and are listed on the school calendar. Any parent picking up a son/daughter should plan on arriving at 8:45 p.m., as the dance will promptly end at 9:00 p.m. Students must be present in school the day of a dance in order to attend the dance. Discussion often arises as to what is appropriate to wear to a school dance. As a general rule, students should follow the dress code as written in the Student Code of Conduct. However, some exceptions may be made depending on the theme of the dance. Guidelines were established through a discussion with the members of Student Council, the PTSA, and the Administration. Please review these with your child before each dance.

SCHOOL DANCE ATTIRE:
- Costumes for the Fall Harvest Dance must have an appropriate theme
- Shoes must be worn at all times
- No tube tops or muscle shirts
- Appropriate undergarments must be worn (none showing)
- No bare midriffs
- Dress or shirt with thin straps is acceptable
- No backless attire (at least half of the back must be covered)

TARDIES:

Class Tardiness:
If a student is tardy from class they will be expected to enter with a late pass from either the front office, administrator, teacher or the nurse. If a student arrives without a pass the discipline matrix will be followed.

School Tardiness:
Students not in their first period class when the 8:10 bell rings will be considered tardy. Any student entering the building after 8:10 a.m. must be signed in by a parent or guardian. Excused tardies include: doctor's excuse, illness, religious reasons, and car problems.

Under the district's revised Attendance Policy, students who arrive after 11:33 a.m. will be considered absent for the day. Students are required to be in attendance for 203 minutes to be counted as present.

TELEPHONE:
Students will not be called to the office for personal phone calls; in case of emergencies, the message will be relayed to the student. Student use of the school telephone will be permissible for educational or health related reasons only.

VENDING MACHINES:
A soft drink vending machine will be available to students after 3:00 p.m. It is recommended that soft drinks be consumed in the immediate area of the vending machine. They are not permitted in any classrooms in the building.
**VISITORS:** Board Policy 907

Voicemail extensions and email addresses can be obtained under the Contact tab of the PBSD home webpage. *An appointment will need to be made in order to enter the building. You may only enter through the main school entrance by being buzzed in and proceeding into the office. If you will be entering the school, please bring a valid state-issued driver's license with you. Your license will need to be scanned through our Raptor system before you can be issued a visitor's badge. For student pick-ups and drop-offs during school hours, buzz the front door to speak with the administrative assistant. You will be permitted in the vestibule to sign your student in or out.*

**CONFIDENTIALITY:** Board Policy 216

In order to insure the rights and privacy of both parents and students, the Plum Borough School district's policy has incorporated provisions from the Regulations of the State Board of Education of Pupil Records adopted July 12, 1974, and amended July 15, 1977; the Family Educational Rights and Privacy Act of 1974; the Confidentiality Section of P.L. 94-142; and the Confidentiality Standards for Special Education, Pennsylvania School Code, Title 22, Chapter 341.

The district's policy on student records which is in compliance with the Pennsylvania State Board of Education's regulations and with the Family Educational Rights and Privacy Act of 1974 guarantees the following rights to parents:

1) To review, inspect and obtain a copy of the educational records.
2) To challenge the content of the records.

If you wish to examine the records, contact the principal or school counselor.

---

**CANINE DRUG DETECTION PROGRAM:**

In order for the school administration to perform the fundamental duty of operating this school as an educational institution, the administration retains the right to inspect on regular basis student lockers for tobacco, illegal drugs and alcohol. This right extends to inspecting vehicles parked on the school grounds. The Plum Borough School District retains jurisdiction, control and access over all student lockers and maintains a confidential file of all lockers and the combinations thereof.

The Plum Borough School District also reserves the right to have trained narcotic dogs sniff student lockers and all cars parked on the school district property regularly and at any time, whether the student is present or not, for tobacco, illegal drugs and alcohol. If, as a result of a canine sniff of a locker or car, the Plum Borough School District has reasonable cause to suspect the presence of tobacco, illegal drugs or alcohol, the locker or car in question may be searched for the same.

---

**COMPUTER USAGE:**

Tampering, vandalism, or unauthorized use of Plum Borough School District computers or other electronic equipment (tablets, laptops, printers, cabling, drives, monitors, keyboards, mice, televisions, etc.) or software or associated documentation is prohibited. Violations of this policy by students or adults may also constitute violations of the Pennsylvania Crimes Code or other statutes, subjecting violators to serious criminal prosecution. This policy is intended to be as broad and encompassing as Section 3933 of the Crimes Code (as of January 1995).

Student violators will be subject to discipline including suspension and possible expulsion. All violators will be held responsible for restitution of any damage to hardware, equipment, software, and documentation, and for any direct consequential damages.
EDUCATIONAL TRIPS:
The Board may excuse a student from school attendance to participate in an educational tour or trip not sponsored by the district if the following conditions are met:

1. The parent/guardian submits written notice or Educational Trip Form if absence is for 5 or more days, for excusal prior to the absence.
2. The student's participation has been approved by the Superintendent or designee.
3. The adult directing and supervising the tour or trip is acceptable to the parents/guardians and the Superintendent.

The Board may limit the number and duration of tours or trips for which excused absences may be granted to a student during the school term.

EMERGENCY PREPAREDNESS: Board Policy 805

EMERGENCY OPERATIONS PLAN:
An emergency operations plan is in place for each school building. The plan addresses specific responses to a variety of emergencies. The emergency operations plan will be implemented if a situation presents an immediate and obvious danger to the students and staff of the school. Proper student conduct is expected during any evacuation and/or fire drill. Failure to follow procedures will result in disciplinary action.

During an emergency response situation, parents will not be allowed to enter the building until permission is granted by the administration.

EVACUATION ALARM SYSTEM:
The activation of the alarm system for other than its intended purpose—emergency evacuation of the building—is a serious violation and will result in an immediate out-of-school suspension, charges filed with the police, and a hearing at Central Administration for review and for possible further action.

FOOD SERVICES: Board Policy 808
For more information about lunch menus, meal pricing, free and reduced lunch applications and more, please visit the district Food Services webpage here.

HOMELESSNESS

In compliance with the federal McKinney-Vento Homeless Assistance Act, as reauthorized in 2015 by the Every Student Succeeds Act (ESSA), the Plum Borough School District attempts to identify all children within the district that may be experiencing homelessness. In efforts to continue to provide high-quality education and experiences to our Plum Borough families and students, please review the qualifying factors of individuals experiencing homelessness.

The term "homeless children and youth" is defined as individuals who lack a fixed, regular and adequate nighttime residence. This includes individuals:

- Sharing the housing of other persons due to loss of housing, economic hardship or a similar reason;
- Living in a motel, hotel, trailer park or campground due to lack of alternative adequate accommodations;
- Living in emergency or transitional shelters;
- Living in cars, parks, public spaces, abandoned buildings, bus or train stations or similar settings;
- Living in substandard housing (no running water or working utilities, infestations, etc.).

Children who are experiencing homelessness may qualify for assistance with free school lunch, school supplies/materials, tutoring, and transportation so that they can remain in their school of origin throughout the duration of their homeless episode. If you believe you know of families or individual students that may qualify for this service, please contact Dana Iera, School Psychologist, McKinney-Vento Liaison at (412) 798-6358 or ierad@pbsd.net

For further information and guidance, please visit the Pennsylvania Department of Education Basic Education Circular, BEC - Education for Homeless Youth.

PUPIL SERVICES: Board Policy 113

Annual Child Find and Notice to Parents (CFR 300.125)

SERVICES FOR PROTECTED HANDICAPPED STUDENTS
In compliance with state and federal law, Plum Borough School District will provide to each protected handicapped student without discrimination or cost to the student or family, those related aids, services or accommodations which are needed to provide equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities to the maximum extent appropriate to the student's abilities. In order to qualify as a protected handicapped student, the child must be of school age with a physical or mental disability, which substantially limits or prohibits participation in or access to an aspect of the school program. These services and protections for “protected handicapped students” are distinct from those applicable to all eligible or exceptional students enrolled (or seeking enrollment) in special education programs. For further information on the evaluation procedures and provision of services to protected handicapped students or eligible students, contact Dr. Ashlea Rineer-Hershey, Director of Special Education and Pupil Services at 412.798.6368 throughout the school year.

NOTICE OF SPECIAL EDUCATION SERVICES AND PROGRAMS
Each school district, along with other public agencies in the Commonwealth, must establish and implement procedures to identify, locate and evaluate all children who need special education programs and services because of the child’s disability. This notice is to help find these children, offer assistance to parents and guardians, and describe the parents' rights with regard to confidentiality of information that will be obtained during the process. Each school district shall also conduct awareness activities to inform the public of gifted education services and programs and the manner by which to request these services and programs. The content of this notice has been written in English. If a person does not understand any of this notice, he or she should contact the school district and request an explanation.

IDENTIFICATION ACTIVITY
Child Find refers to activities undertaken by public education agencies to identify, locate, and evaluate children residing in the State, including children attending private schools, who are suspected of having disabilities, regardless of the severity of their disability, and determine the child’s need for special education and related services. The purpose is to locate these children so that a free appropriate public education (FAPE) can be made available. The types of disabilities, that if found to cause a child to need services are: Autism, emotional disturbance, hearing impairment including deafness, mental retardation, multiple disabilities, orthopedic impairment, other health impairment due to chronic or acute health problems, specific learning disabilities (speech or language), traumatic brain injury, visual impairment including blindness, and in the case of a child that is of preschool age developmental delay. Screening activities are also conducted to determine student need for gifted support services. The Plum Borough School District provides educational services for all eligible students either through district- operated classes, contracts with the Allegheny Intermediate Unit #3, Private Academic Schools, or Approved Private Schools. Classes providing Learning Support, Life-Skills Support, Emotional Support, Physical Support, Multiple Disabilities Support, and Autistic Support are available for students at beginning school age through age 21, if necessary. Additional services include hearing, vision, and speech and language support. Students found to meet eligibility criteria as "mentally gifted" may receive services through the district's Gifted Education Programs (GATE). Each school district is required to annually provide notice describing the identification activities and the procedures followed to ensure confidentiality of personally identifiable information. This notice is intended to meet this requirement.

Identification activities are performed to find a child who is suspected as having a disability that would interfere with his or her learning unless special education programs and services are made available. Children suspected of being "mentally gifted" who need specially designed instruction not ordinarily provided in the regular education program also go through screening activities.

The activities include: Review of group data, conduct hearing and vision screening, assessment of student's academic functioning, observation of the student displaying difficulty in behavior and determining the student's response to attempted remediation. Input from parents is also an information source for identification. After a child is identified as a suspected child with a disability, he or she is evaluated, but is not evaluated before parents give permission for their child to be evaluated. The school district will follow procedures outlined in the special education regulations (Chapter 14) for determining eligibility and need for special education services. Chapter 16 regulations will be followed to determine eligibility and need for Gifted Education services.
CONFIDENTIALITY (CFR 300.127)
If after screening, a disability is suspected, upon your permission, your child will be evaluated. Written records of the results are called an education record, which are directly related to your child and are maintained by the school districts. These records are personally identifiable to your child. Personally identifiable information includes the child’s name, the name of the child’s parents or guardians, the address of the child or their family, a personal identifier such as social security number, a list of characteristics that would make the child’s identity easily traceable or other information that would make the child’s identity easily traceable. The school district will gather information regarding your child’s physical, mental, emotional and health functioning through testing and assessment, observation of your child, as well as through review of any records made available to the school district through your physician and other providers of services such as day care agencies. The school district protects the confidentiality of personally identifiable information by one school official being responsible for ensuring the confidentiality of the records, training being provided to all persons using the information, and maintaining for public inspection a current list of employee’s names and positions who may have access to the information. The school district will inform you when this information is no longer needed to provide educational services to your child and will destroy the information at designated intervals, except general information such as your child’s name, address, phone number, grades, attendance record and classes attended, grade level completed, may be maintained without time limitation. As the parent of the child you have a number of rights regarding the confidentiality of your child’s records. The right to inspect and review any education records related to your child are collected, maintained, or used by the school district. The school district will comply with a request for you to review the records without unnecessary delay before any meetings regarding planning for your child’s special Individualized Education Program (called an IEP meeting). Should you and your school district disagree about your child’s special education supports and services and a due process hearing is requested, the school district will furnish you with the opportunity to inspect and review your child’s records, within 30 days. You have the right to an explanation and interpretations of the records, to be provided copies of the records if failure to provide the copies would effectively prevent you from exercising your right to inspect and review the records, and the right to have a representative inspect and review the records. This review is conducted with the assistance of an appropriate school district staff member.

Upon your request, the school district will provide you a list of the types and location of education records collected, maintained, or used by the agency. Additionally, the school district will charge a fee for copies of records made in response to your request except, it will not charge a fee if doing so will prevent you from inspecting and reviewing your child’s records. A current list of reasonable fees relative to records request is available in the district’s central office. The district will not charge a fee to search or retrieve information. You have the right to request in writing the amendment of your child’s education records that you believe are inaccurate or misleading, or violate the privacy or other rights of your child. The school district will decide whether to amend the records within 45 school days of receipt of your request. If the school district refuses to amend the records you will be notified of the refusal and your right to a hearing. You will be given at that time, additional information regarding the hearing procedures. Upon written request, the district will schedule and provide written notice of the hearing to challenge information in your child’s education files. Parent consent is required before personally identifiable information contained in your child’s education records is disclosed to anyone other than officials of the school district collecting or using the information for purposes of identification of your child, locating your child and evaluating your child or for any other purpose of making available a free appropriate public education to your child. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Additionally, the school district, upon request, discloses records without consent to officials of another school district in which your child seeks or intends to enroll. A parent may file a written complaint with the Pennsylvania Department of Education at the address below alleging that the rights described in this notice were not provided. Pennsylvania Department of Education Bureau of Special Education Division of Compliance 333 Market Street Harrisburg, PA 17126-0333. The Department of Education will investigate the matter, issue a report of findings and necessary corrective action within 60 days. The Department will take necessary action to ensure compliance is achieved.

Complaints alleging failures of the school district with regard to confidentiality of personally identifiable information may also be filed with: Family Policy Compliance Office U.S. Department of Education 400 Maryland Ave, SW Washington, DC 20202-4605. Plum Borough School District will provide ongoing screening services. If you wish to learn more, have questions, or believe your child may need to be identified, please contact Plum Borough School District, Dr. Ashlea Rineer-Hershey, Director of Special Education and Pupil Services, 900 Elicker Rd, Plum, PA 15239, 412.798.6368
EARLY INTERVENTION IDENTIFICATION
In Pennsylvania, a child between three years of age and the school district’s age to begin school who has a developmental delay or one or more of the physical or mental conditions listed above, will be identified as an “eligible young child.” The parents of these children have the same rights described above. The Pennsylvania Department of Education is responsible for providing programs and services to eligible young children under Act 212 of 1990, the Early Intervention Services System Act. Screening for preschool children is available through the DART Program operated by Allegheny Intermediate Unit. To schedule an appointment for screening call Dr. Susan Sams, Program Director of DART at 412.394.5816.

POTENTIAL INDICATORS OF WEAKNESSES IN THE DEVELOPMENTAL DOMAIN AREAS AND OTHER RISK FACTORS THAT COULD INDICATE A DISABILITY
Requirement of Section 14.212(b) A developmental delay is determined by the results of a developmental evaluation. The results of one or more domain areas (adaptive, personal-social, communication, motor or cognitive) have to show at least a 25% delay or a score of 1.5 standard deviations below the mean (Standard Score of 77 or below). The delay results in the need for specially designed intervention/instruction (SDI) in order to participate in typical activities and routines. Children with a developmental delay may show weaknesses in the following areas: Adaptive – Pre-kindergarten aged children with a developmental delay may have difficulty dressing/undressing; using utensils to eat, removing shoes without assistance, distinguishing between non-food/food substances, or have difficulty with toileting needs. One may have difficulty moving independently around the house, understanding that hot is dangerous, putting away toys when asked, indicating an illness or ailment to an adult, or demonstrating caution and avoiding common dangers. Personal-Social – Pre-kindergarten aged children with a developmental delay may have difficulty responding positively to adult praise, rewards or promise of rewards; greeting familiar adults spontaneously, enjoying simple stories read aloud, helping with simple household tasks, initiating social interaction with familiar adults, expressing affection/liking for peers, playing cooperatively with peers, stating first name, last name, age, or whether he is a male/female; using objects in make-believe play, using ‘I’ or ‘me’ to refer to himself, or recognizing facial expressions of common emotions.

Communication - Pre-kindergarten aged children with a developmental delay may have difficulty following 2-step verbal commands, associating spoken words with pictures, recalling events from a story presented orally; engaging in extended and meaningful nonverbal exchanges with others, using words to get his/her needs met, responding to ‘yes’ and ‘no’ questions appropriately, or asking ‘wh’ questions. Motor - Pre-kindergarten aged children with a developmental delay may have difficulty running without falling, kicking a ball without falling, walking up and down stairs alternating feet without assistance, walking backward, imitating the bilateral movements of an adult, pointing with his index finger independent of the thumb and other fingers, scribbling linear and/or circular patterns spontaneously, using the pads of fingertips to grasp a pencil, holding a paper with one hand while drawing or writing with the other hand, fastening clothing without assistance, cutting with scissors, copying a circle, or imitating vertical and horizontal markings. Cognitive - Pre-kindergarten aged children with a developmental delay may have difficulty attending to one activity for 3 or more minutes, reciting memorized lines from songs or TV shows, showing interest in age-appropriate books, matching/naming colors, responding to one and one more, giving three objects on request, matching shapes, identifying objects by their use, identifying items by size, identifying colors of familiar objects not in view, or identifying simple objects by touch.

OTHER FACTORS THAT COULD INDICATE A DISABILITY
Developmental disabilities are birth defects related to a problem with how a body part or body system works. They may also be known as functional birth defects. Many of these conditions affect multiple body parts or systems. Researchers have identified thousands of different birth defects. Birth defects can have a variety of causes, such as: Genetic problems caused when one or more genes doesn’t work properly or part of a gene is missing, problems with chromosomes, such as having an extra chromosome or missing part of a chromosome, environmental factors that the expectant mother is exposed to during pregnancy, such as Rubella or German measles or if she uses drugs or alcohol during pregnancy.
FACTORS CONSIDERED WHEN DETERMINING MENTAL GIFTEDNESS
1. The child performs a year or more above grade achievement level in one or more subjects as measured by a nationally normed and validated achievement test.
2. The child demonstrates rates of acquisition/retention of content and skills reflecting gifted ability.
3. The child demonstrates achievement, performance, or expertise in one or more academic areas as evidenced by products, portfolios or research, as well as criterion-referenced team judgment.
4. The child demonstrates early and measured use of high level thinking skills, academic creativity, leadership skills, intense academic interest, communication skills, foreign language aptitude, or technology expertise.
5. The child demonstrates that intervening factors such as English as a second language, disabilities, gender or race bias, or socio/cultural deprivation are masking gifted abilities.

FREE APPROPRIATE PUBLIC EDUCATION (CFR 300.121)
Plum Borough School District provides a free, appropriate, public education (FAPE) to exceptional students residing in the district. All children with a disability between the ages of three to twenty-one who have been identified as needing special education and related services have the right to FAPE. The determination that a child is eligible for special education and related services is made on an individual basis by a team of qualified professionals and the parent of the child following a multidisciplinary evaluation and the completion of an evaluation report. A student qualifies as exceptional if he or she is found to be a child with a disability and in need of specially designed instruction and related services under the provisions of the Individuals with Disabilities Act (IDEA) and Chapter 14 of the Pa. School Code. The following are disability categories under IDEA: autism, deafness, deaf/blindness, emotional disturbance, traumatic brain injury, hearing impairment, specific learning disability, mental retardation, multiple disabilities, other health impairment, speech and language impairment, orthopedic impairment and visual impairment including blindness.

INDIVIDUALIZED EDUCATION PROGRAM (CFR 300.340)
An Individualized Education Program (IEP) is developed and implemented annually for each eligible child with a disability. The IEP is completed within 30 calendar days of the parent’s receipt of the evaluation report and must be in effect before special education and related services are provided. An IEP describes a student’s current educational levels, goals, and objectives, and the individualized programs and services that the student will receive. These services include the learning support class, life skills support class, emotional support class, sensory support (deaf or hard of hearing and blind or vision support class). The extent of special education services and the location for the delivery of such services are determined by the IEP team which consists of the child’s parent, a regular education teacher, a special education teacher and the Local Educational Agency (LEA) or district representative responsible for supervising the provision of special education services. The IEP goals and objectives and related services are based on the student's identified needs and abilities, chronological age and the level of intensity of the specified intervention.

LEAST RESTRICTIVE ENVIRONMENT (CFR 300.130)
It is the school district’s policy for children with disabilities, including children in public or private institutions or other care facilities, for whom a free appropriate public education is owed by the district, to the maximum extent appropriate, are educated with children who are nondisabled and that special classes, separate schooling or other removal of children with disabilities from the regular educational environment occurs only if the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. Plum Borough School District provides a continuum of services based upon the needs of the individual child ranging from the least restrictive setting in the regular school to more restrictive services in a program outside the regular school. The placement options considered by the IEP team include supportive intervention in the regular class, itinerant services, resource services, part-time or full-time services. The placement may be in a district operated program, an intermediate unit operated program in a neighboring school district, a private school placement or other agency operated program. The placement decision is made by the IEP Team at least annually based upon the child’s IEP and is as close to the student’s home as possible.
In selecting the least restrictive environment, consideration is given to any potential effect of the program and on the quality of services that the child needs. A child with a disability is not removed from education in age appropriate regular classrooms solely because of needed curriculum modifications.

**SURROGATE PARENTS (34CFR 300.515)**

Each public agency shall ensure that the rights of a child are protected if (1) no parent (as defined in 34CFR 300.20) can be identified (2) the public agency, after reasonable efforts, cannot discover the whereabouts of a parent; or (3) the child is a ward of the State under the laws of that State. (b) Duty of public agency. The duty of a public agency under paragraph (a) of this section includes the assignment of an individual to act as a surrogate for the parents. This must include a method (1) for determining whether a child needs a surrogate parent; and (2) for assigning a surrogate to the child (c) criteria for selection of surrogates, (d) non-employee requirement; compensation. A person who otherwise qualifies to be a surrogate parent under paragraph (c) of this section is not an employee of the agency solely because he or she is paid by the agency to serve as a surrogate parent. (e) Responsibilities; surrogate parent may represent the child in all matters relating to (1) identification evaluation, and educational placement of the child; and (2) the provision of FAPE to the child. For more information, please contact Dr. Ashlea Rineer-Hershey, Director of Special Education and Pupil Services, 900 Elicker Rd, Plum, PA 15239, 412.798.6368 (Authority: 20U.S.C. 1415(b)(2).

The Student Assistance Program (SAP) is designed to help students who have problems that interfere with their academic success at school. Students who may have problems with attendance, discipline, family issues, mental health concerns, or drugs and alcohol may be referred to their building’s SAP Team.

Every building in the PBSD has a trained SAP Team consisting of a principal, school counselor, and teachers who have been trained to identify and assist in creating an intervention plan by working collectively with the student and his or her family in a positive manner to assist in resolving issues which are impeding learning.
In addition to the Student Assistance Program, the Plum Borough School District works along with Family Services of Western Pennsylvania to offer School-Based Outpatient Therapy for interested students and families. School-Based Outpatient Therapy can provide the following services within the school structure:

- Consultation and education to school personnel, students and parents in their area of expertise such as mental health, substance use and abuse, and assistance with school policy;

These books will be collected at the end of the year and should reflect normal usage. If the books are in any other condition, the student will be assessed a fee accordingly. Textbooks must be covered.
